20 Years of Action

Twenty years ago, Klean Kanteen kicked off the Bring Your Own™ revolution by offering the first reusable stainless steel water bottles in the United States. Everyday we revolutionize reusables by making them more sustainable, durable, and functional than ever before, while also taking care of our people and the planet. Cheers to 20 years of action and here's to many more.

Our Printing Methods

Digital Printing

Your artwork can be placed on the front and back or wrap all the way around the Kanteen.

Using the CMYK digital printer allows you to tap into thousands of colors printed at once. This allows you to print photo like images in a single location or wrapped 360° around the Kanteen.

Digital Printing Specs

ARTWORK

- Full-color (CMYK + varnish)
- Print larger surface area on products compared to screenprint or pad print. Full wrap 360° designs are possible.

PRODUCT COLORS

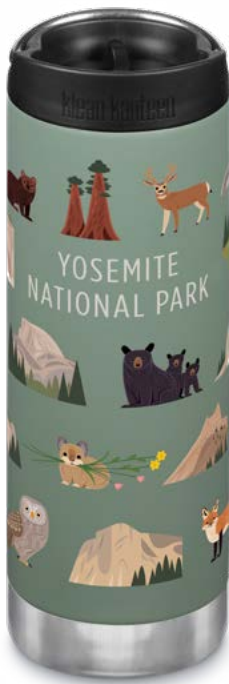

- Brushed Stainless (no paint)
- Select stock colors
- Custom bottle colors are available at higher quantities. Contact your sales representative for more information.

LEAD TIME

- Four to six weeks after approval
- Brushed Stainless and select stock colors (US)

ACCEPTED FILES

- Vector: Ai, EPS, or PDF
- Raster: jpeg, TIF, png, or PDF

Screen Printing

Your artwork can be placed on the front and back or wrap all the way around the Kanteen.

Screen printing yields stunning results for one and two color artwork and makes the most use of available print space with nearly full wrap capability.

Screen Printing Specs

ARTWORK

- Works best with artwork where tight registration is not needed
- One- or two-color artwork is best, but up to five colors available
- 8mm break is needed in artwork

- Custom bottle colors are available at higher quantities. Contact your sales representative for more information.

Pad Printing

Our pad printing process is best for detailed logos or artwork that requires tight registration. Pad printing is done in a square print area on each side and up to five colors on each side. Pad printing is used for multi-color logos on 12oz Camp Mugs and 14oz Rise Mugs.

Artwork Requirements

Artwork Preparation

We prefer artwork to be scalable vector graphics designed in Adobe Illustrator CS3 or later.

Digital Printing

Artwork can be vector or raster and may be full-color (CMYK).

Print the full length of a product (up to 8.6”) in a single print cycle.

ACCEPTED FILES

- Vector: Ai, EPS, or PDF
- Raster: jpeg, TIF, png, or PDF

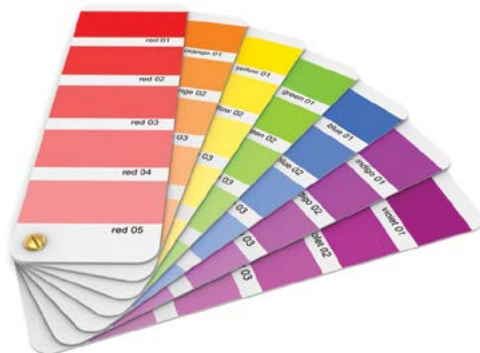

Laser Marking, Screen and Pad Printing

For this kind of printing, artwork must be scalable vector graphics with specified Pantone color. Ai/EPS preferably as a PDF.

Don't have a vector? No worries, send the largest resolution file you have and we will have it vectored. Fees may apply.

ACCEPTED FILES

- Vector: Ai, EPS, or PDF

Colors

We select our ink colors from Pantone's swatch deck. Pantone is the worldwide language for communicating colors. If you're not familiar with Pantones, simply provide colors using standard color names (i.e., red, green, etc.). You may select custom colors from [Pantone's website](#).
